Eclipse Data Expands Sales & Service in Australia

February 20, 2001

Eclipse Data signed Opticraft Media Technologies Ltd. as its sole representative of Eclipse ImageEncoder formatter and EclipseSuite Software products in Australia and New Zealand. Opticraft will provide sales, service and support for Eclipse DVD and CD mastering customers throughout Australia.

In our continuing effort to expand worldwide sales and support Eclipse Data has reached agreement with Opticraft to distribute Eclipse's line of ImageEncoders and EclipseSuite Software in Australia. Opticraft currently represents several manufacturers of high-end optical manufacturing equipment and is an ideal distributor for Eclipse products," said Bob Edmonds, VP of Sales & Marketing for Eclipse Data.

 Alan Bremner, Managing Director of Opticraft added, "We are delighted about the addition of Eclipse's products to our offerings. Opticraft is a leading supplier of products and services to the optical disc industry in Australia. As the Eclipse distributor in this region we will be offering sales and support for the complete line of Eclipse ImageEncoder and EclipseSuite Software products."

Eclipse has built a reputation for technical excellence and world-class customer support with its line of mastering, premastering and QC verification tools for the DVD and CD manufacturing industry.
